Methods

OnAfterSalesQuoteToOrderRun

Event Subscriber for Sales Quote to Order, update Due Date after making Order of Quote. Configurations are located in Sales and Receivables Setup.

```
[EventSubscriber(Codeunit, 83, OnAfterSalesQuoteToOrderRun, , True, True)]  
procedure OnAfterSalesQuoteToOrderRun(var SalesHeader2: Record "Sales Header", var  
SalesHeader: Record "Sales Header")
```

Parameters

Name	Type	Description
SalesHeader2	<i>Record "Sales Header"</i>	
SalesHeader	<i>Record "Sales Header"</i>	

TestUpdatePostingDatePrerequisites

Test special cases with posting date = 0D or in the future.

```
procedure TestUpdatePostingDatePrerequisites(var SalesHeader2: Record "Sales Header",
NewPostingDate: Date): Boolean
```

Parameters

Name	Type	Description
SalesHeader2	<i>Record "Sales Header"</i>	
NewPostingDate	<i>Date</i>	

Returns

Type	Description
Boolean	Test pass
